General Information

Members and non-members of AMEE are invited to attend the Association's Annual Conference which this year is being held in Vienna, Austria a city at the hub of Europe. This year's meeting is being held in collaboration with the World Federation for Medical Education who will celebrate their 25th anniversary in 1997.

Who Should Attend?

The conference will be of relevance to all teachers, educators, practitioners, students and administrators in the health-care professions. The meeting will look at important issues in undergraduate or basic education, postgraduate or specialist training and continuing education. While the

focus of the meeting will be European, a panel of international experts will contribute a broader perspective. Students are actively encouraged to attend the meeting. There will be a prize of two years free membership of AMEE for the best student contribution to the meeting.

What Topics will be Covered?

The topics covered during the meeting will be wide and varied reflecting the many changes that are taking place in all areas of health-care education. Themes of the meeting include:

- ▢ facilitating learning
- ▢ postgraduate education
- ▢ assessment
- ▢ multiprofessional education
- ▢ new technologies
- ▢ continuing professional development
- ▢ clinical skills training
- ▢ international medical education
- ▢ curriculum development
- ▢ small group teaching
- ▢ basic science education
